### 1 (b) Significant accounting policies

### 1.1 Basis of accounting and preparation of Standalone financial statements

These Standalone financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Consequently, these Standalone financial statements have been prepared to complying all material aspects with the Accounting standards notified under section 211(3C) of the companies Act, 1956 which as per clarification issued by ministry of corporate affairs continue to apply under section 133 of the Companies Act 2013 (which has superseded section 211(3C) of the Companies Act 1956 w.e.f. 12 September 2013) [Companies(Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013.

The Ministry of Corporate Affairs (MCA) has notified the Companies (Accounting Standards) Amendment Rules, 2016 vide its notification dated 30 March 2016. The said notification is applicable to accounting period commencing on or after the date of notification i.e. 1 April 2016.

The Standalone financial statement are presented in Indian rupees rounded off to the nearest Rs. in Lakhs.

### 1.2 Operating Cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

### 1.3 Use of estimates

The preparation of the Standalone financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions considered in the reported amounts of assets, liabilities, income, expenses and disclosure of contingent liabilities on the date of the Standalone financial statements and the results of operations during the year. The Management believes that the estimates used in preparation of the Standalone financial statements are prudent and reasonable. Differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard.

### 1.4 Inventories

Inventories are valued at the lower of cost and net realisable value and adjusted for obsolescence, if any. Cost is determined on a weighted average basis and includes all applicable costs incurred in bringing goods to their present location and condition. Cost of work in-progress and finished goods include all applicable manufacturing overheads.

### 1.5 Tangible Assets - Property, Plant and Equipment and Intangible Assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any,

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All upgradation/enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Standalone Profit and Loss. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

### Intangible fixed assets

Intangible assets are stated at their cost of acquisition, less accumulated amortization and accumulated impairment losses thereon, if any. Cost includes all cost incurred to bring the assets to its present location and condition. An intangible asset is recognized where it is probable that future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured.

#### 1.6 Depreciation and amortisation

Tangible & Intangible assets are depreciated on the written down value method on a pro-rata basis from the date the assets are ready for intended use. Depreciation and Amortization on sale/discard of fixed assets is provided for up to the date of sale, deduction or discard of fixed assets as the case may be.

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

All assets costing Rs. 5,000 or less individually are depreciated at the rate of 100%.

### 1.7 Impairment of Assets

At each Standalone Balance sheet date, the company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognized in the statement of Standalone Profit and loss to the extent the carrying amount exceeds the recoverable amount. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortization). if no impairment loss had been recognized .

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

#### 1.8 Revenue recognition

#### Sale of goods

Revenue from Sale of Goods is recognised upon delivery of goods to Customer when the significant risk and rewards of ownership of goods have been transferred to the customer. Sales are exclusive of all kind of indirect tax such as GST.

Income from service contracts is recognised upon rendering of the services at the agreed rates. Income from maintenance contracts is recognised pro-rata over the period of the contracts. Income from installation and commissioning services is recognised on a percentage of completion method upon rendering of the services.

Duty drawback income is recognized on accrual basis.

### 1.9 Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the transactions. Monetary foreign currency assets and liabilities are translated into rupees at the rates of exchange prevailing on the Standalone Balance sheet date. Exchange differences arising on settlement/ restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the Statement of Standalone Profit and Loss.

Non monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Standalone Profit and Loss Statement, except in case of long term liabilities where they relate to acquisition of Fixed Assets, in which case they are adjusted to the cerrying cost of such assets.

### 2.0 Investments

Investments are classified as current investments and long term investments. Current investments are carried individually, at the lower of cost and fair value. Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

Benefits payable to eligible employees of the company with respect to gratuity, a defined benefit plan is accounted for on the basis of Management estimate as at the Standalone Balance sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of Service, vesting occurs upon completion of five years of service or death of employee whichever is earlier. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the Standalone Balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognized as an income or expense in the statement of

iii) Other long term employee benefits:

leave Encashment

Benefits under the Company's leave encashment scheme constitute other employee benefits. The liability in respect of leave encashment is provided on the basis of Management Estimate at the end of the year using the Projected Unit Credit Method.

Actual gain and losses are recognized immediately in the Statement of Standalone Profit and Loss.

#### 2.3 Leases

Assets acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Assets acquired under leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Standalone Profit and Loss on accrual basis.

### 2.4 Taxes on income

Provision for current taxation is ascertained on the basis of assessable Standalone Profits computed in accordance with the applicable tax rates and the provisions of the Income- tax Act, 1961 and other applicable tax laws.

Deferred tax is recognised, subject to the consideration of prudence on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognized on unabsorbed depreciation and carry forward of losses based on virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets are reviewed at each Standalone Balance sheet date for their realisability.

### 2.5 Research and development expenses

Revenue expenses incurred on research and development is charged off to the Statement of Standalone Profit and Loss in the year in which these expenses are incurred.

Capital expenditure incurred on research and development is included in fixed assets and depreciated at applicable rates.

### 2.6 Provisions and contingencies

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Accounting Standard (AS) 29. Provisions are recognised when the company has a legal / constructive obligation as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation.

### 2.7 Provision for warranty

The Company accrues warranty costs upon sale. Product warranty costs are accrued based on past experience, adjusted for current trends.

### 2.8 Borrowing Cost

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessary takes substantial period of time to get ready for its intended use. All other borrowing costs are changed to the Standalone Profit and tost parement in the period in which they are incurred.

### 2.9 Earnings per share

Basic earnings per share are calculated by dividing the net Standalone Profit or loss of the year attributable to equity shareholders by weighted average number of equity shares outstanding during the year. For calculating diluted earnings per share, the net Standalone Profit or loss for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

### 3.0 Segment reporting

The Company has a single identifiable and reportable segment in terms of the Accounting Standard AS - 17 on "Segment Reporting" issued by the Institute of Chartered Accountants of India", taking into account the organizational structure and different risk and return of the business activities. Thus, no separate reporting of business and geographical segments is required to be given as per AS - 17.
