Subject: Press Release- Completion of Registration and Operational Readiness of Smarten's Battery Manufacturing Facility at Baddi, Himachal Pradesh

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform you that Smarten Power Systems Limited ("the Company") has successfully completed all requisite registration and regulatory formalities for its new battery manufacturing facility located at Village Bhatolikalan, Tehsil Baddi, District Solan, Himachal Pradesh – 173205.

The facility, acquired under an Asset Purchase Agreement from Su-Urja Solar Systems Private Limited, covers a land area of approximately 32,234 sq. ft and is now fully registered under relevant industrial and environmental authorities.

The plant has a production capacity of up to 8,000 lead-acid batteries per month across multiple capacity ranges.

With the completion of the registration process, the Baddi factory is now operational and integrated into Smarten's manufacturing ecosystem, enhancing the Company's in-house production capabilities and supporting its expansion in the renewable energy and power backup segment.

The completion marks a significant step forward in Smarten's strategy to strengthen domestic manufacturing and reduce dependency on third-party sourcing.
